

Dear FCC members,

Do not weaken the Wisconsin "No-call list" law. It is working and I, a citizen/consumer on the list, am happy with it. I already receive area bank mailings whether I was a former customer or not. The phone service I pay for is for MY use and benefit, not for outside solicitations. I am happy with the current Wisconsin "No-Call List" Law-leave it as it is! Very Sincerely, Alice Schellenberger
